# Installing a Check Scanner for Ultimate Deposit Direct (RDC)

### UNINSTALL EXISTING DRIVER FOR SCANNER

- 1. On your PC being used for making remote deposits, navigate to your Control Panel.
- 2. Select Programs and Features.
- 3. Identify your existing scanner driver from the list.
- 4. Right click on the existing driver and select Uninstall/Change.
- 5. Click Uninstall. You will need to have Administrative access to the PC to perform this function (If needed, contact your IT person/resource to assist with the driver download).

# DOWNLOAD OF RANGER DRIVER FOR SCANNER

- 1. To begin the download process, Administrative access to the PC being used for making remote deposits is required (If needed, contact your IT person/resource to assist with the driver download).
- 2. To download driver software, follow these steps:
  - a. Use either the Microsoft Edge or Google Chrome browser.
  - b. Go to the Fiserv FTP website, https://ftp.ipsfiserv.com, to begin the download process.
  - c. Sign On using the following Username and Password:
    - i. UserName: ipscoclient
    - ii. Password: IP\$co062023
  - d. Click on RangerDriversAndSoftware to open.

aa. Click OK

### **INSTALLING SCANNER**

- 1. Before the install process is initiated, make sure scanner is NOT connected to the PC being used for making remote deposits.
- 2. Turn off anti-virus software if you can do so.
- 3. From the Downloads file, right click RangerForPanini drivers (or other scanner manufacturer if different than Panini) and click Run as Administrator.
- 4. If Windows opens a blue colored box for Microsoft Defender, click on More Info and click Run Anyway.

5. Input your Admin credentials in the box provided and click Yes.
